RE: MASTER METALS, INC. SITE,  
ENGINEERING EVALUATION/COST  
ANALYSIS

Mr. Jeff Heath  
U.S. EPA Region 5  
77 W. Jackson Blvd. SR-6J  
Chicago, IL 60604-3590

Dear Mr. Heath:

The revised version of the Engineering Evaluation/ Cost Analysis (EE/CA) Report for the Master Metals Site in Cleveland, Ohio was received by this office on November 23, 1998. Ohio EPA has reviewed the revised report (incorporating the responses to the Agencies' previous comments) and has no further comments on the EE/CA Report at this time.

The Agency would recommend, however, that the design process should address potential issues associated with the drainage from the soil cover over the concrete.

Sincerely,

Sheila Abraham  
Environmental Specialist  
Division of Emergency and Remedial Response
